Daily Food Guide for Toddlers 1 – 3 years

Concerned for the shape of his head.

This chart gives you an idea of the foods your child should eat each day. Choose foods from all of the basic food groups for good health.

<table>
<thead>

</tr>
</tbody>
</table>

x Continue whole milk for good brain development until age two.

x To avoid choking, cut small round foods like hot dogs and grapes into bite size pieces.

x Do not feed your child nuts, raw carrots and hard candy since these may also cause choking.

Helpful Hints

x Try new foods by allowing your child to help you pick out the foods and prepare the meal.

x Have scheduled meal and snack times at the table.

x Do not make meal time a fight. Talk to your child, but not about how much food she/he needs to eat.

x Playing with his food is usually a sign that your child is finished eating.

x Do not give more than 24 ounces or 3 cups of milk each day.

x Do not give more than 4 ounces or a 0.5 cup of 100% juice each day.

x Avoid fried foods and fast foods as much as possible.
